RE: BARGAINING

This is to advise that we will not be meeting with the employer for bargaining until November 2011 due to the employer and their counsel not having any free dates until then.

We will be holding a General Membership Meeting in early September 2011 to vote on the top priorities from the Bargaining Survey.

If you wish to submit a special case regarding a wage increase and any other conditions ie hours of work, designation, etc. please have your request along with ALL supporting documentation to this office by September 1 2011.

In Solidarity

Martha McDonald
